# ABOUT AQUA POWER QATAR

Aqua Power Qatar is a leading provider of advanced water treatment and reverse osmosis solutions in Qatar. We design, supply, install and maintain high performance systems for residential, commercial, industrial, agricultural and municipal applications.

Our mission is to deliver reliable, efficient and eco-friendly water solutions using the latest technology and high quality components with a strong commitment to customer satisfaction.

## OUR MISSION

To provide innovative and sustainable water treatment solutions with superior quality and professional service.

## OUR VISION

To become one of the most trusted water treatment companies in Qatar and the GCC region.

## OUR VALUES

- Quality
- Integrity
- Innovation
- Reliability
- Customer Focus

## WHY CHOOSE US?

- High Quality Products
- Advanced Technology
- Expert Technical Team
- Fast Support & Maintenance
- Competitive Pricing
- Reliable After-Sales Service

## OUR SERVICES

Design &  
Engineering

Supply &  
Installation

Operation &  
Maintenance

Water Testing &  
Analysis

AMC & After  
Sales Service

# OUR INDUSTRIAL RO SYSTEMS

Aqua Power Qatar offers a wide range of high performance Reverse Osmosis systems designed to deliver pure, safe and consistent quality water for various industrial, commercial and municipal applications.

## HIGH EFFICIENCY

Advanced technology for optimum performance

## RELIABLE & DURABLE

Robust design for long lasting operation

## LOW MAINTENANCE

Easy operation with minimal maintenance

## ENERGY SAVING

Efficient systems that save energy & cost

### RO SYSTEM 5,000 GPD

- Compact Design
- Low Power Consumption
- Easy Installation
- High Quality Components
- Automatic Operation

**CAPACITY**  
5,000 GPD

### RO SYSTEM 10,000 GPD

- High Recovery Rate
- Corrosion Resistant
- Stable Performance
- Low Maintenance
- Long Service Life

**CAPACITY**  
10,000 GPD

### RO SYSTEM 20,000 GPD

- Heavy Duty System
- Continuous Operation
- High Salt Rejection
- Energy Efficient
- PLC Control System

**CAPACITY**  
20,000 GPD

### RO SYSTEM 30,000 GPD

- Advanced Filtration
- Robust Construction
- High Efficiency
- Easy to Operate
- Built for Reliability

**CAPACITY**  
30,000 GPD

### RO SYSTEM 40,000 GPD

- High Flow Rate
- Premium Quality
- Minimized Downtime
- Reliable Components
- Excellent Performance

**CAPACITY**  
40,000 GPD

### RO SYSTEM 60,000 GPD

- Superior Performance
- Low Energy Usage
- High Durability
- Smart Control Panel
- Customizable Design

**CAPACITY**  
60,000 GPD

### RO SYSTEM 70,000 GPD

- Continuous & Reliable
- High Quality Build
- Cost Effective
- Long Term Operation
- Easy Maintenance

**CAPACITY**  
70,000 GPD

### RO SYSTEM 80,000 GPD

- Maximum Efficiency
- Industrial Grade
- High Salt Rejection
- Customized Solutions
- 24/7 Performance

**CAPACITY**  
80,000 GPD

**HIGH QUALITY  
COMPONENTS**

**INTERNATIONAL  
STANDARDS**

**CUSTOMIZED  
SOLUTIONS**

**EXPERT TECHNICAL  
SUPPORT**

# WATER TREATMENT PRODUCTS

Quality products for effective and reliable water treatment solutions.

## FRP PRESSURE TANKS

- Corrosion Resistant
- High Strength
- Long Life

High quality FRP tanks for all filtration applications.

## RO MEMBRANES (TORAY & LG)

**TORAY** Innovation by Chemistry | **LG Chem**

- High Rejection
- Stable Performance
- Energy Saving

High rejection membranes for brackish and sea water.

## MEMBRANE HOUSING (NOYI / JM)

- High Pressure
- Easy Maintenance
- Leak Proof

Durable membrane housings (NOYI / JM) in 4", 8" for all systems.

## FILTER CARTRIDGES

- PP, String Wound, Carbon Block
- High Dirt Holding
- Consistent Filtration

PP, string wound, carbon block and special cartridges.

## FILTRATION MEDIA

- High Purity Media
- Effective Filtration
- Consistent Quality

Activated carbon, sand, gravel and other filtration media.

## WATER SOFTENERS (PVC FILTER)

- Hardness Removal
- Premium Quality
- Automatic Operation

PVC filter softeners for hardness removal and purity.

Premium Quality Materials

Wide Range of Products

Reliable Performance

Tested & Certified

Trusted by Professionals

# CHEMICALS, PUMPS & ACCESSORIES

High quality chemicals, pumps and accessories designed to ensure reliable, efficient and safe water treatment.

## CHEMICALS

**A50**  
Antiscalant

**A125**  
Alkaline Cleaner

**B100**  
Acid Cleaner

## DOSING PUMP (AQUA) & TANK

Aqua dosing pumps and dosing tanks for accurate and consistent chemical dosing.

## VERTICAL PUMPS

High pressure vertical multistage pumps for RO systems and water applications.

## PRESSURE GAUGES & FLOW METERS

High quality gauges and flow meters for accurate monitoring.

## ACCESSORIES

Complete range of accessories for easy installation and maintenance.

Original & Tested Products

High Performance & Efficiency

Safe & Reliable Operation

Easy Installation & Use

Excellent After Sales Support

# ACCESSORIES

## FOR WATER TREATMENT SYSTEMS

High quality accessories designed to ensure reliable operation, easy installation and long-lasting performance.

### PRESSURE SWITCH (LEFOO)

Reliable pressure control for pump and system protection.

### AIR RELEASE VALVE

Automatically releases trapped air to improve system efficiency.

### SUBMERSIBLE PUMP

Durable and efficient pumps for drainage and water transfer applications.

### FLOAT SWITCH

Automatic ON/OFF control for pumps based on water level.

### FOOT VALVE WITH STRAINER

Prevents backflow and keeps pumps primed by retaining water in the suction line.

### MULTI-PORT VALVE

Easy operation for backwash and rinse in filtration systems.

### HOUSING FILTER

Protects downstream components by removing sediment and particles.

### CONTROLLER (ROC)

Monitors water quality and controls RO system for optimal performance.

### MANUAL VALVE

Manual flow control for isolation and system maintenance.

### VFD (VARIABLE FREQUENCY DRIVE)

Controls pump speed, saves energy and ensures stable system performance.

### PROBES & SENSORS

High accuracy probes for pH, ORP and conductivity measurement.

High Quality & Durability

Easy Installation & Maintenance

Reliable Performance & Efficiency

Compatible with RO & Filtration Systems

Excellent After Sales Support

# COOLING PAD & GREEN HOUSE

## SUSTAINABLE COOLING FOR A HEALTHY ENVIRONMENT

Our high-efficiency cooling pads are designed to deliver maximum cooling with minimum energy consumption. Ideal for greenhouses, poultry farms, livestock sheds and industrial applications.

### ECO FRIENDLY

Environmentally friendly solution that reduces energy use.

### EFFICIENT COOLING

High water absorption and evaporation for superior cooling.

### DURABLE & LONG LASTING

Made from high-quality raw materials for long service life.

### EASY INSTALLATION

Lightweight design for quick and easy installation.

## WHY COOLING PADS?

Lower temperature  
& improved air  
quality

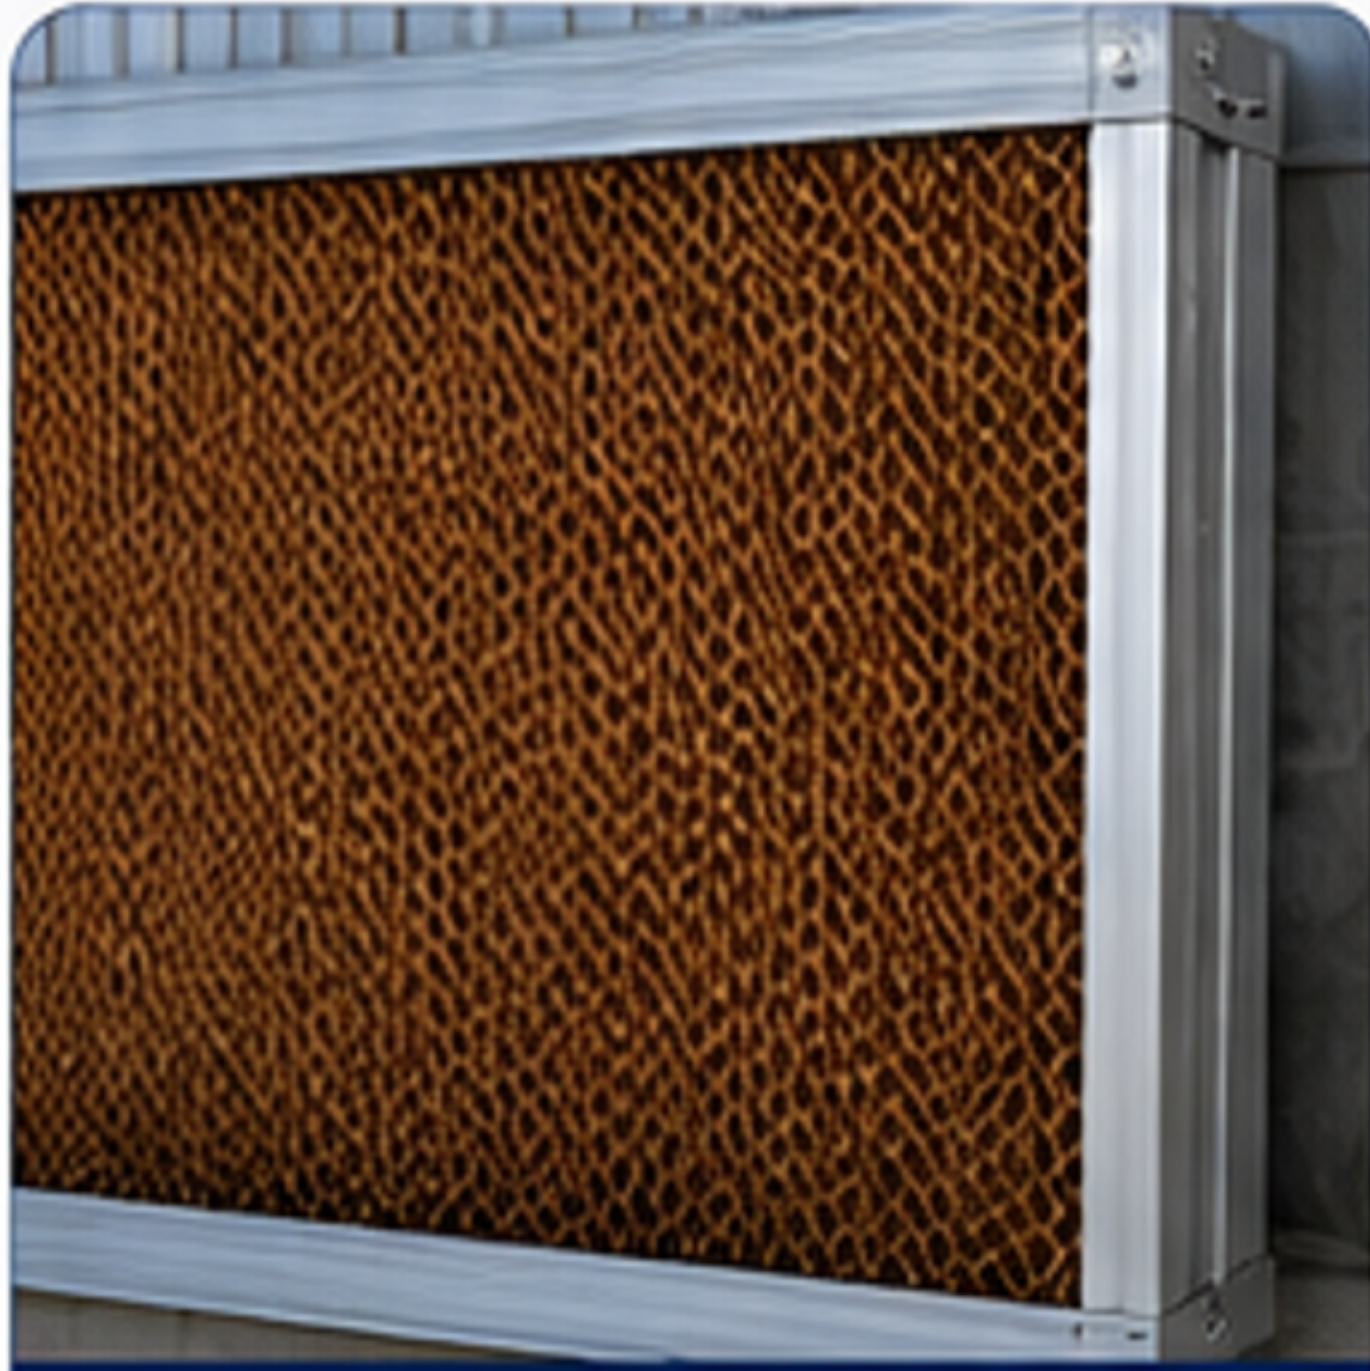

Better ventilation  
& humidity  
control

Energy saving  
& cost  
effective

Enhances productivity  
& overall animal/plant  
health

HIGH EFFICIENCY  
COOLING PADS

IDEAL FOR POULTRY FARMS,  
LIVESTOCK SHEDS & INDUSTRIES

PERFECT FOR GREENHOUSES  
& NURSERIES

IMPROVES AIR FLOW &  
TEMPERATURE CONTROL

## IDEAL APPLICATIONS

GREEN HOUSES

POULTRY FARMS

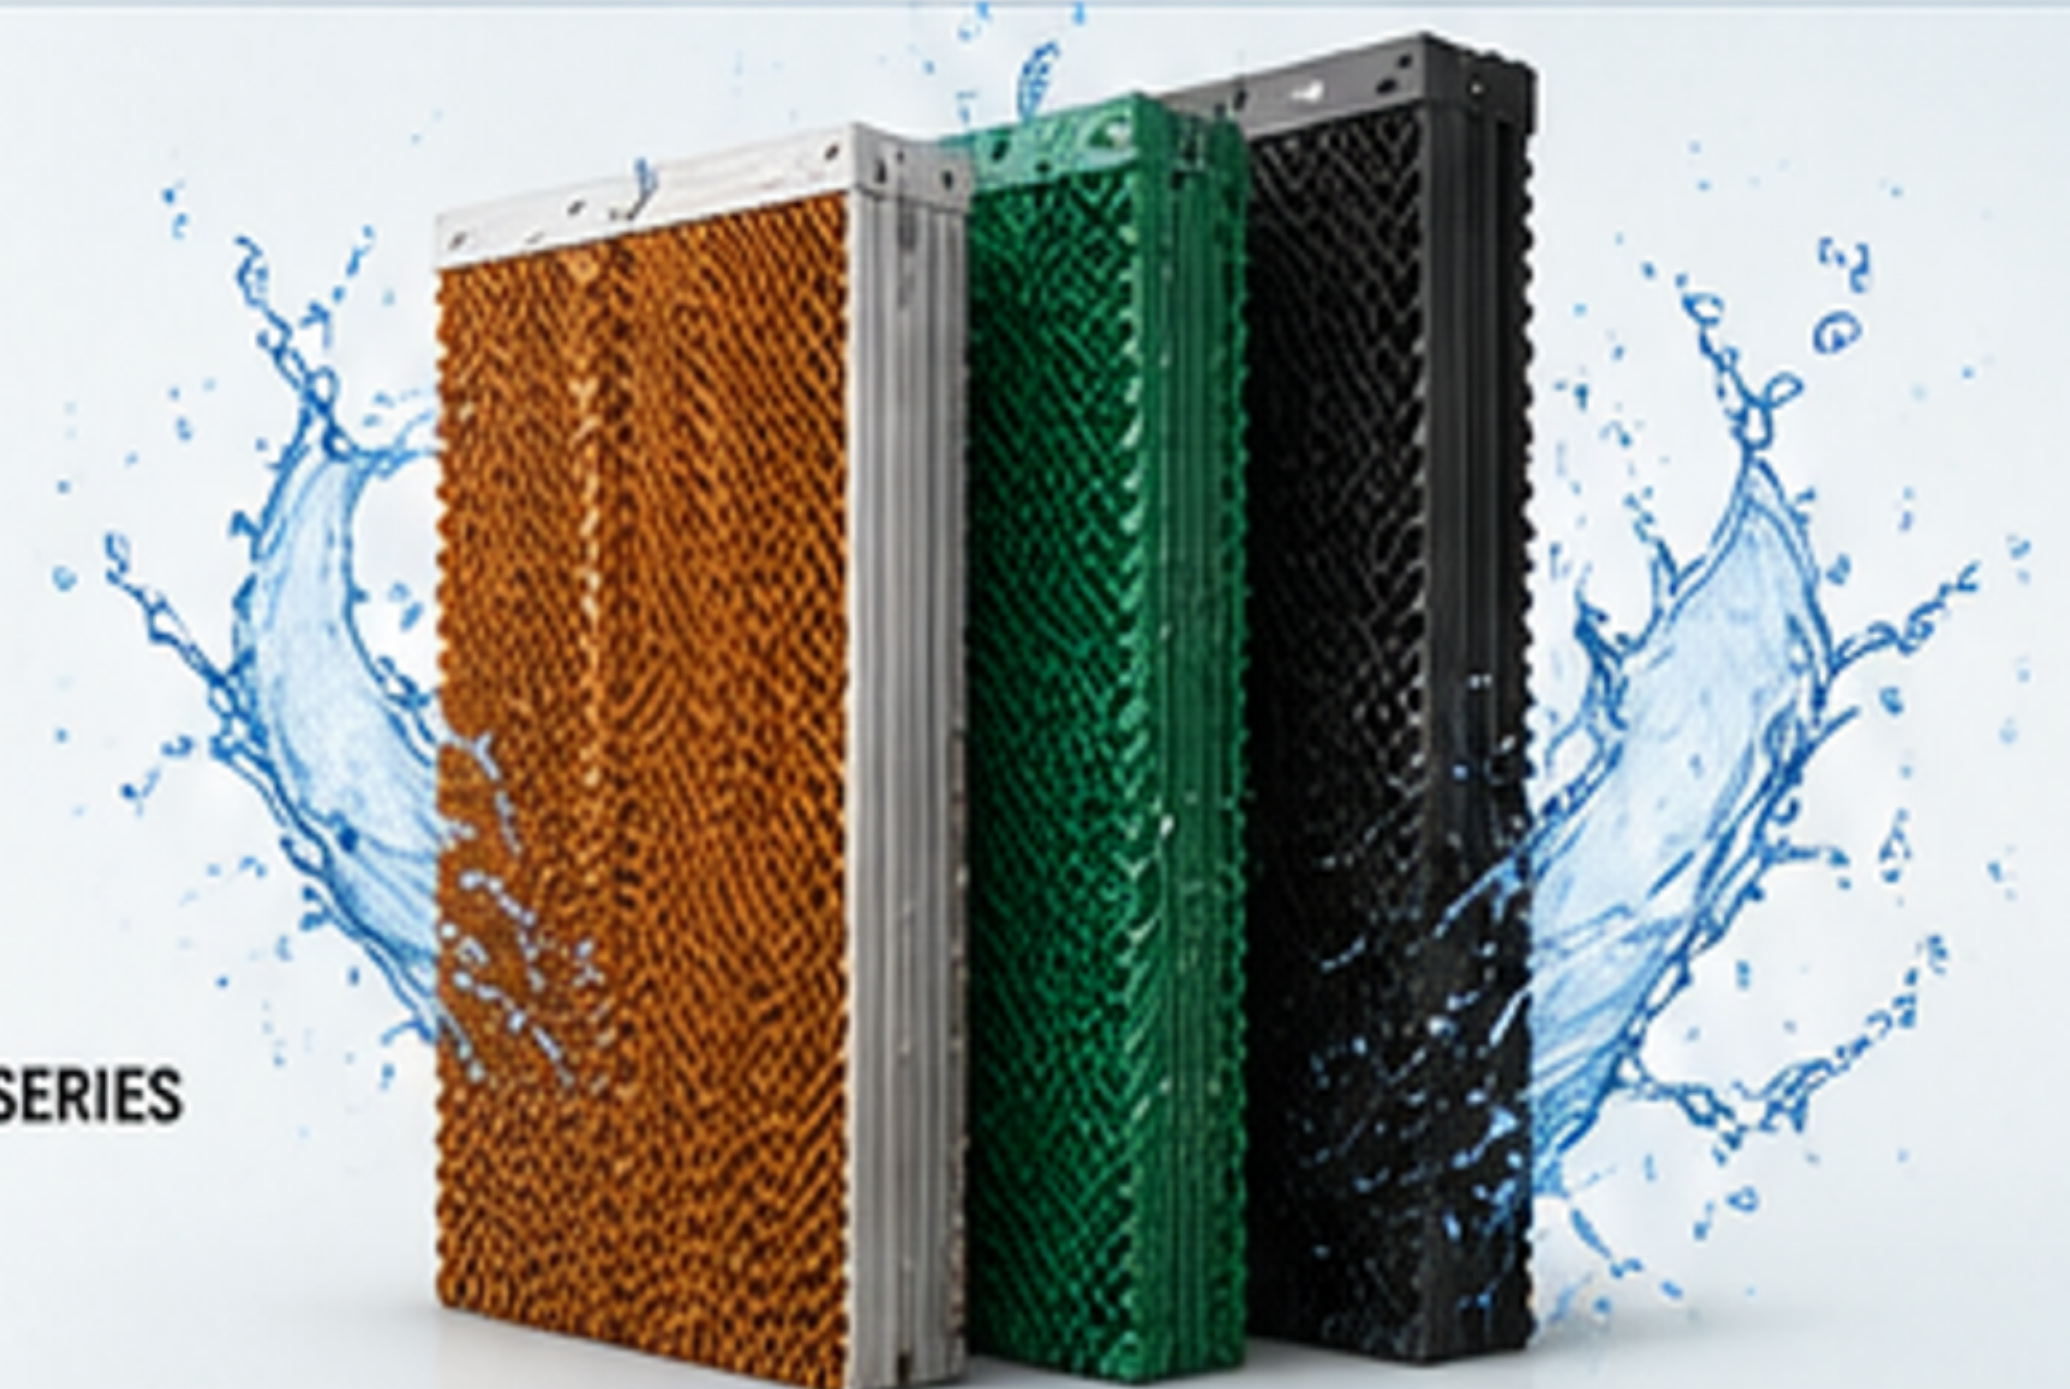

LIVESTOCK SHEDS

INDUSTRIAL BUILDINGS

HORTICULTURE & NURSERIES
